Join Teachers James Crawford and Rick Wood  
As They Travel to Schools in China  
Building Global Communication Bridges Among Students

Their adventure blog includes

written journals,  
audio podcasts,  
video podcasts,  
photographs,  
and more...

Mr. Crawford and Mr. Wood, teachers at Beecher Road School in Woodbridge, Connecticut, have begun documenting their discoveries about China and their preparations for the trip in April. During the travel and time spent at two schools in Shandong Province in China, they will send back observations and exciting accounts of their adventures. They are writing specifically for elementary and middle school students and will include answers to questions submitted by students.
